Pyramid Real Estate Group, a Stamford-based management, property accounting, maintenance and construction and leasing and brokerage firm, has hired two engineers to manage construction and maintenance of 100 properties for its clients. Scott Davies, who has more than 30 years experience in the construction industry, has been named director of construction and maintenance, while Greg Otis, with more than 13 years experience as a construction project manager, staff engineer and home inspector, has been named service manager and dispatcher. A graduate of Central Connecticut State University with a bachelor's degree in civil engineering, he oversees a staff of seven maintenance technicians. Davies, who has a bachelor's degree in civil/structural engineering from Northeastern University and a master's degree in structural engineering and construction management from Columbia University, is the lead professional engineer responsible for in-house engineering design and design-build projects
